

Dear Friends

Greetings from Dream home!

It is the first Dream Home Newsletter in 2015. How are you, friends?

Hope that everyone has a wonderful new year. Our kids in dream home are doing good by the grace of God and your prayer. Thank you always for your lovely heart to remember our orphans and us in your prayers.

This time I, Migyeong, am writing this letter. I apologize that I was not able to communicate with you earlier. I hope that Elaine is able to forward this letter soon to you since she is feeling much better.

Elaine, your beloved friend, had a mild stroke on Dec. 29th, 2014. She was weak when she woke up that morning. I, Migyeong, left for the orphanage after Elaine got breakfast. I had called her during lunch time to see if she is ok. Elaine said that she is not feeling well. So, I came back home immediately. Elaine said that her left hand is weak when she typed on her computer. It was not usual thing to Elaine. We hurried to go to the hospital and took MRI. The doctor found out she had a mild stroke. Elaine was started on her treatment for her stroke from the night of Dec 29th. The next day Elaine felt that she needs to go USA for treatment. She has Medjet insurance which is ready to send a private jet when the patient cannot walk. Fortunately Elaine could walk. So, the Medjet insurance company sent a nurse from Canada and arranged our flight ticket with business class after 5 days since the doctor in China talked with the insurance company about Elaine's situation. It was perfect time to fly to USA after she finished her 7 days treatment which the doctor required.

Elaine and I with the nurse arrived in Austin on January 5th and went to Saint David hospital immediately. She stayed in the hospital for 4 days and moved to

her friend, Keith's house. She took several exams while she was in the hospital including her EGD test. She used to have diarrhea. But, EGD test is normal. Her heart test is normal too. Doctor is continually studying why she had a stroke and why she has diarrhea since her EGD test is normal. She also is having several therapies including acupuncture. Keith is helping Elaine to drive for going to the hospital. At this time she doesn't need a speech therapy. I, Migyeong, left USA on Feb 2nd since Elaine needs more time to recover in USA .

Dear Friends,

Please, lift up Elaine's healing with us. She is so much willing to come back to China. China is her home and our kids need her. We will appreciate everybody's prayer for Elaine's complete recovery. I was so impressed by Elaine's attitude. She is very positive and gives thanks to God. Please, pray for her resting enough and getting strong soon. She needs this break time since she never has had a rest year for 10 years. Please, do not be offended when you don't hear from Elaine after you have sent an email. She can read but she is not able to answer so many emails. But, I am sure that she really appreciates your prayer and your emails.

About our orphans in Dream Home

YongEn, Sam, got the 4th honor in his 11th grades at the last exam before winter break. He is the leader of his English class and helps his classmates' English. I am very thankful to Elaine and Alice to help his English.

He needs more strength since his classroom moved to the third floor and he must crawl up the stairs because there is no elevator to use his wheelchair.

HuaJun, who is a girl with kidney stone, has been with us several months. She hasn't had any pain yet. The government orphanage took her to the hospital before they asked us to help her. But, the hospital refused her surgery due to

some reason. Anyway, we need God's grace for her complete healing and no pain.

ZhiLei, who is the first grade and has brittle bones, got his leg hurting again. Please, pray for his healing soon. So he needs to go back to school after winter break in March. Continually pray for his adoption.

Liang Liang who is in the university is doing good in the school. One of directors from school came to the orphanage with students to give them an opportunity to love orphans in Dec. The director was proud of Liang Liang since his score in the class is high. Elaine and I were also very proud of LiangLiang when he participated in presentations in the Church during Christmas Eve. We enjoyed watching their activities a lot. We can see that our boys are growing spiritually.

About small kids, they were very healthy though it was very cold weather last December. No kid needed IV treatment. But, several kids had colds when I got back here. Please, pray for their healing.

I appreciate our long term volunteer Alice who is an occupational therapist. She got wonderful job to help kids, especially when Elaine and I were in USA. Friends,

The Spring festival is coming soon here. Feb19th. Many people are moving city to city. This is the year of Lamb. Hope that you can hear His voice and follow His instruction for this year.

You are welcome to email me directly if you want to know more about our kids and Elane's update. Migyeong's email address: migyeongk@hotmail.com

We would like to clarify the intent of the two donation options for us: donations to **World Outreach** are for **Migyeong** personally while donations sent to "**Ambassadors Of Joy**" in Tulsa are for the ministry here in Shenyang

with the orphans and their needs at our discretion. Again, we are so appreciative of your support financially and in prayer! We would have to close up shop for sure without you all standing with us!

Love, Migyeong and Elaine
