

Dream Home News in China.

December 2015

Dear friends

Can you believe that this is the last month of 2015? The year of Lamb 2015, has been very smooth and successful in many ways. God knows that I have to take care of many things without Elaine. I still miss Elaine so much and we communicate a lot by Phone. She says to everyone “Merry Christmas” and “Thanks for Prayer”. She is getting better slowly each day. We appreciate all your prayers and love to Elaine.

Elaine got sick 5 days after we had celebrated Christmas party at the orphanage on Dec29th,2014. It

was her last Christmas

party in China. I believe that her life in China has been tremendously wonderful and has been the Ambassador of Our Lord. Please, keep praying for health and peace in Him.

There have been lots of things happening at Dream Home in two months. Sophie and I are able to help more the older kids. I train the older kids to eat by themselves. Jiace is already able to eat by himself now. I also encourage our kids to be active rather than passive I ask them to come over to me and hug me or I give them my hand and ask them to hold my hand. They are interacting more day by day. It is so wonderful to see their changes though it has been slow.

Dream Home received an invite by US consulate in ShenYang. We were able to bring some of the

children with us. We had a lot of fun at the party. Yingdan, Peace and Zhilei got to see Santa Claus, sing some Christmas songs and enjoy festive (Chinese) food. Each of them got a present to take with them and it was lovely see how much the children enjoyed the day.

We also had a Christmas party with the International Club in ShenYang on Dec 8th. ICS group have been very faithful with our kids. ICS group have helped in many ways. They have done fundraising,

helped pay eye surgery for the poor,

distributed formula to the orphan babies, and helped us. Sophie and I

were invited to their activity to raise funds through an Auction Party. It was my first experience to see Auction party.

This week, we tried to help our blind girl, YingDan get glasses. She is 5 years old now. She lost her left vision. But she still can see some light with her right eye. She is able to go back to her room from the hall. She is also able to find something she needs. She had to get the test done before she got her glasses. But, YingDan refused to have the test. We have to wait until she cooperates for the test someday. I hope that it will work next year.

Our Volunteers::

-Alice is having a vacation in USA. She was supposed to come back here on December 8th but she needed to get a test on her heart. We have good news. Her photo showed no sign of coronary artery disease. But, she still will be having an echocardiogram on the 22nd. Please, lift Alice up. We want Alice to come back as soon as possible.

-- Stephen, Sophie's Dad has been in ShenYang for 6 months for his business. He is very special for me and our children. It is time for him to return. Please keep him in mind as he prepares to travel home, for his journey and as he transitions back to life in Northern Ireland.

- Sophie is teaching in school and she spends time with kids at Dream Home. It is the first Christmas for her to spend without her family. Please lift Sophie up in your prayers. She needs more strength and energy for His glory.

- For Migyeong, myself, Please pray for my wisdom how to help these children effectively in 2016. Also pray for my energy too.

Dear Friends,

I need your supports and prayers. I am here to help orphans with special needs because you are working with me by prayers and supports. Thank you so much for being my partners in Christ. Please, be with me continually. I am living day by day by His grace. Please, have a wonderful Christmas and happy new year!

With love, *Migyeong and Elaine*
