September Newsletter

Dear Friends

Greetings from Dream Home. How was your summer? It has been very hot here in China. Now, we are in the best season, fall. I was very glad that our caregivers were invited by Hot Spring owner in August, which is located in FuShun, 40 minutes from the orphanage. They are worthy to be treated to enjoying in Spring Water since they have been working very hard to take the children outside every day in the good weather.(Here we have a long winter) Most of caregivers went a Hot Spring for the first time and also learned to swim for the first time. They were very glad to get together and relax. I believe that they can give more love to children after they were refreshed.

I can't wait to tell you the best news for ZhiLei. Please, don't be surprised. Do you remember that one of our boys, JiaHao was adopted by a family from North Carolina? Julia and Brett decided to adopt ZhiLei last year. They have been processed for the adoption and they were informed that they might get ZhiLei in spring of 2017. PTL! So, they emailed me, so that I could tell to ZhiLei now. ZhiLei is very happy to be a part of their family. It is sad for me to separate with ZhiLei, but I know that this is the best thing for ZhiLei. Everybody! Thank you so much for your prayers. Please, pray continually until all of the paperwork is finished.

At the beginning of September, our boys were very busy going back to school. Especially for Sam(YongEn) who just started College. On the first day he had to: pay bills, register for his first year of schooling, and get a key for his dormitory. I was very

impressed by his dormitory. Everything is so convenient for the disabled students. Now, he is able to be very independent in school life because of the elevator and ramps. He also volunteered as a Sunday School teacher in the Kinder Class. Of course, he is still teaching English to 3 students. It is so wonderful to see him growing.

ShenJing is our former youth, who is a deaf. She was not comfortable going to the deaf school before. Now, she is ready. So, I took her to the deaf school this semester. She is in the 5th grade since her Math is not enough to be in the middle school though she is much older than her classmates. She is doing great and her classmates and roommates in the dormitory are very kind to her. She comes back to my home on Friday afternoon and goes back to school after she came back from the deaf church on Sunday evening.

One of caregivers, her sister is a principal in the primary school. I was introduced 3 students whose family came from other cities and their living life is collecting things from trash cans by the principal. Three boys went to middle school in Sep.. They are working hard to study in the school. So, I decided to help to pay their school lunch bill. Hope that they can understand that Loving is sharing with His Love.

**"Dear Friends, let us love one another,
for love comes from God.(1John4:7)"**

It has been 3 years I met sister L. She used to tell me that she wouldn't be in this world if she didn't meet me. Finally, she met a husband and got married two week ago.. She asked me to give her words for marriage during wedding ceremony. I shared with the couple 1 Cor. 13, the Love Chapter. Hope that she is going to have a good life with His Love.
