

## *Dream Home News in China*

**“When you harvest your field and you have forgotten a sheaf there, do not go back and get it. Leave it for the stranger, the fatherless and widow, so that the Lord God may bless you in all the work of your hands.” Deuteronomy 24:19(KJV)**

**God is so thoughtful!** He is caring of people whom we might easily forget their existence while we are so busy for our own life or family. Have you heard about the Suspended Coffee?

One pays in advance for someone who is in need like someone who might struggle in the cold weather. It seems that a number of café owners across Europe have joined the “Suspended Coffee” initiative. This means that when someone buys a cup of coffee, they also buy additional cups to be given to those in need.

**I believe that those who donate their time, prayers, and support for the children in Dream Home, are joining with us with a Suspended Heart.** They are sharing their love, kindness, support with a heart for orphans who are disabled. I was very impressed when the Chinese obstetrician came to help MeiMei who needed to gynecology doctor. She gave her time and service free. I can tell you the truth that I am able to help these children through people who have a Suspended Heart. Thank you again for your love and Suspended Heart! It is what allows us to keep going and serve these little ones!

**It has been unexpected time for the past two months** . We are using the government building as you know. They didn't put the sprinkler in the building when they built this facility in 2010. Now, the government is strict about requiring it to be put in the building. So, our children were moved to the other building while they worked for the sprinkler in our children's building. It has been challenging time with the small space and small bathing system for the children. It has been challenging time too to clean whole building after the work has done. I am so grateful to have volunteers for many days to clean all the mess. It was impossible to clean and move back to our own building without them.

**God is always good to us, sending people enough whenever they are needed.**

Finally, after we moved back, our 7 children from another building moved to the children's building while their building is working for the sprinkler. These 7 children are hyperactive and the room is too small to contain them well. I am very glad that it is Summer now so we can take them outside where free to run, ride and play in the paly ground.

**It was perfect time when we had a team from Indiana Wesleyan University in the beginning of May.** Jill, a friend of Alice who worked with us for 5 years, came to

our Dream Home last year and returned with her nursing students again this year too. They have an exchange students program with the Medical University in ShenYang for 2 weeks in May. They chose one day to be volunteers for children at Dream Home. Each student took one child outside and played with them. They also had a small group activity with kids. It was the children's first activity in the outside this year since the long winter is long and windy here.

**June 1<sup>st</sup> is the national Children's Day here.** The weather was so nice to take children out. We got more volunteers than usual so we had almost one child with one volunteer.

We didn't have an opportunity to have a birthday party in May since we were too busy to prepare move back and cleaning. So, we got a late birthday party for May on June 1<sup>st</sup> on the playground. It was more fun with many people. Some kids with making bubbles, some kids with riding horse, some kids playing the slide. It was a most fun fun time in the outside.

### **Spotlighting our children**

**ZhiXian, 12 years old girl** mentally handicapped who came to Dream home last winter.

I have told you that our goal for the new child in Dream Home is making them smile. When they smile, it means that they are now feel safe and they are loved. It takes time for them. Some kids, it has been taken more than a year. Anyway, ZhiXian is smiling now. I am so happy that when children are smiling. **ZhiXian, it is true that you are lovable and we love you.**

**ShenJing is in the deaf school.** She has been attending an internship class how to cook since June 15<sup>th</sup>. I think that it is the best class for her. Hope that she is able to cook for me someday. Hahaha. I also am very glad that I took her to hearing aid shop to get new hearing aids on June 4<sup>th</sup>. The new hearing aids are lighter than the old ones and much better for her!

**It seems that Sam(YongEn), who just graduated high school, is very active in the school and Church.**

The school asked him to open an English club for those who are willing to learn to speak English. So, he started a club and celebrated for them where he colored eggs with them and explained the meaning of Easter! He also has been asked to join the competition of Chinese speech in the school.

By the way, the three foster- homed boys, **LuPing, LiangLiang and Sam bought a cake for the Mother's Day for me.** It is the first time they delivered the cake on Mother's Day. It was a very special cake for me. These three boys are missing Elaine so much. Elaine stays vital to our work here by calling each week and helping me solve problems. Glad that she is doing well with staying with Keith.

I am happy because of you. I am comforted by your prayers. I am encouraged with your suspended love and caring. God bless you!

Lastly, we would like to clarify the intent of the two donation options for us: donations to **World Outreach** are for **MIGYEONG KANG** personally while donations sent to "**Ambassadors Of Joy**" in Texas are for the ministry here in Shenyang with the orphans and their needs at our discretion. Again, we are so appreciative of your support financially and in prayer! We would have to close up shop for sure without you all standing with us!
