

Dream Home News in China

Hi. Everyone!

How's your summer?

This summer, I am very sorry for our children. We are not able to take them out for wonderful adventures due to renovations at the orphanage. They have been working with water tanks and fitting sprinklers as a prevention of fire in the buildings. After fitting the sprinklers on the ceilings of each building, they have been working with the pipes underground, outside at the government orphanage.

When I saw the water tank it reminds me of Noah's Ark. I imagined Noah's family of 8 brought into the ark with two of all living creatures through the water tank.

The Chinese character 船 meaning boat, had been analyzed as follows:

舟 a vessel: 八 eight and 口 mouth or person. It means that there are 8 people in the boat.

We know that there were only 8 people in Noah's Ark.

It is not an accident that the Chinese character 船 meaning from the Bible.

Though our children couldn't have activities in the outside, we were able to have activities with teams from Korea

indoors. It is summer break for students this season. So, we had several teams from Korea. These teams came to China to see the view of ChangBai Mountain at the boundary of North Korea. You can see the picture Elaine and I have been there in 2003. There is a small lake on the top of Mountain which is 2,749m and is known as a volcano.

The team heard about our Dream Home through my Korean friends. So, they visited our children while they are traveling to China. They were singing, giving presentation, playing balloons, feeding children, pushing children's wheelchairs, holding kids and

saying prayers for children. It has been a very wonderful time for our children being with someone who really cares for them.

Love without boundary!

Do you remember Sophie who is the our Christian sister from Northern Ireland. She has been a volunteer at Dream Home for a year and left last year 7th August. She and her family always have a heart for our children. She came back to Dream Home on July 8th for a month. It is His Grace that she has compassion with children in special needs. It is also her gift to love these children. I have missed her B story too. We were a good team that she gives a B story in English and I gave a translation in Chinese. Time flies so fast. It is hard to believe that a month with Sophie has gone just like a second. Hope that she will come back to us again!

Our precious HuaJing, has been going to the deaf school for a year and has finished her 5th grade successfully.

I participated at the parent's meeting at the last day of the semester. I thought that I was in a sauna when I was in the meeting. No Air-condition, No electric fan in the meeting Hall with around 100 people. Anyway, the school gave an opportunity to HuaJing to spend

10 days more to attend a cooking class at the restaurant.. I went to the restaurant where HuaJing is learning how to cook. The boss opened the restaurant for the deaf students and is teaching them how to learn to cook and how to receive orders and how to count on the computer. Hopefully, they can get a job after they graduated from the school. The boss invited me for lunch and he ordered lunch for HuaJing to cook for me. Then he had to leave for other business before my delicious lunch was ready. After I got my lunch, 3 deaf students asked me to pay. The boss didn't explain to them that he invited me for free lunch and he left. So, I paid for lunch though I knew it was a free lunch. Hahaha

Actually, I was proud of HuaJing that she is able to receive money from her client. Now, her extra 10 days internship has finished.

Last July, we hired one more caregiver for the children with hyperactivity. Her role is to play with kids or take them out. YuanLing, LiLai and JiaChen are having a good time with this caregiver. We already can see their progress drawing something, playing with fake sand and doing puzzles.

Prayer request

HuaJun is a severe cerebral palsy lady. She has been suffering with kidney stone. Mostly, she is ok but she is occasionally very painful in the year.

She is not able to get surgery according to Chinese doctor here. She shouldn't move her body when she needs MRI. She is 20 years old now. At her age she should leave our children's building and move to the social institute for adults. But, the adult place is so different from children's welfare. There is no program for people. The doctors at the children's building don't want to be responsible if something happens to HuaJun since she is already an adult and over the age for this children's building. They want to send her to the adult place.

HuaJun and I are praying every day for her maintaining a good health and that she would be free from her kidney stone. Please, bind with us together in prayer!

We love HuaJun so much. She is always smiling and listening to His words and praising songs. Though she is in pain, she is so peaceful and trying to draw fish in the ocean. She is enjoying meeting volunteers and many volunteers come to see her. The adult place is very far from the city, it is not easy for volunteers to visit there. I went there to see our former youths during holiday. They were so thrilled whenever I visited them. This picture is with the youths when I delivered to them some summer clothes and snacks. It makes me so happy to see them! Some of you might remember MengMeng.(The man on the wheelchair)

We have very exciting news about ZhiLei. His adopted parents Julia and Brett will be here to pick him up soon. He is the little boy with the brittle bones.

He was abandoned when he was 5 months due to his physical condition and he is 11 years old now. Sometimes, he was not able to go to the school because of pain in his leg. But, he always

was able to catch up his new lesson of Math and Chinese. I will give you more details in the next Newsletter. ZhiLei should be in USA in September. I can't wait to tell you everything about ZhiLei's meeting with his parents in my next newsletter.

Thank you all for your prayers for ZhiLei's adoption.

Lastly, we would like to clarify the intent of the two donation options for us: donations to **World Outreach** are for **MIGYEONG KANG** personally for my needs and living expenses, while donations sent to "**Ambassadors Of Joy**" in Texas are for the ministry here in Shenyang with the orphans and their needs at our discretion. Again, we are so appreciative of your support financially and in prayer! We would have to close up shop for sure without you all standing with us always!
